January 6 ..... 1– 14
January 13 ..... 15– 68
January 20 ..... 69– 84
January 27 85–150
February 3 151–164
February 10 165–218
February 17 219–232
February 24 233–298
March 2 299–310
March 9 311–374
March 16 375–388
March 23 389–436
March 30 437–448
April 6 449–514
April 13 515–528
April 20 529–630
April 27 631–642
May 4 643–708
May 11 709–718
May 18 719–767
May 25 768–782
June 1 783–843
June 8 844–854
June 15 855–902
June 22 903–918
June 29 919–964

A

Aeronautics

Airplane Plants
Engine test building *877
Floatable bridge is airplane taxiway .. *47
San Diego building *408
Sweeney, Tex. aviation gasoline plant n*451

Airports
At Tarawa, Kwajalein and Eniwetok. N. A. Bowers 773
Attempted restrictions on air use present new airport problem 755
California—Straw mulch lays dust around a desert airfield *473
Canada—First steel-mat aircraft runway n*517
Charleston, W. Va., airport planned .. n81
China:
Airbases built by manpower n*440
Roller dragged by 140 coolies n*905
Danville, Va. airport (unit prices) 766
Ft. Dix, N. J. develops tests for soil bearing pressure. E. G. Whitten *136
Hangar constructed of demountable steel. Camp Springs, Md. n*910
Italy—Brick runway to resist weather n*307
Janesville, Wis. Rock County Airport (unit prices) 436
La Crosse, Wis. airport (unit prices) .. 298
Martinsburg, W. Va. airport construction (unit prices) 148
Mercer County, N. J. (unit prices) 768
Mexico City airport begun recently 424
Minnesota airport law is upheld by court n788
1943 airfield construction 260
Oklahoma plane modification center designed and built in four months. .*332
Pittsburgh airport to be postponed n11
Postwar program forecast. nJan 13 adv 105

Wind tunnels
Wind tunnel—High velocity wind tunnel built of concrete, Seattle. n*644
Wind tunnel in Cleveland permits advanced work n*783
Wind tunnel now in operation in California n*913
Aldrick, Benjamin F. dies, father of concrete roads n*220
Air raids and protection—Britain looks beyond the battle. W. G. Bowman *890
Alaska—Coast defense stations constructed on mountain slopes. H. W. Richardson .*794
Aleutian Islands—Construction in the tundra. H. W. Richardson *956
American Concrete Institute — Chicago meeting n311
American Forestry Assn. to survey forest resources n171
American Public Works Association—Chicago Metropolitan Chapter meeting n452
American Railway Engineering Assn.:
Chicago meeting (problems) 484
Chicago meeting n389
American Road Builders Association:
Chicago meeting n165
Manufacturers Division discusses construction equipment supply after the war n721
Postwar road funds asked n515
American Shore & Beach Preservation Association—Chicago meeting n857
American Society of Civil Engineers:
Committee on postwar construction n860
Four members honored n*89
New board of direction n*153
New York City meeting n85
Postwar research and development unit established n*455
St. Louis meeting n647
St. Louis Section joint meeting n714
American Society of Planning Officials—Chicago meeting n709
American Waterworks Association:
Canadian Section meets n723
Meeting of board of directors n92
Milwauke meeting n*905
American Wood Preservers' Association—Chicago meeting n711
Amphibian trucks—A Seabee and his duck at Salerno. J. H. Pritchett *737
Anchors:
Resistance capacity of anchors or deadmen. Abraham Woolf *351
Stresses in anchors. Blair Birdsall ..... l 398
Aqueducts:
Delaware Aqueduct—Goes into service .. n517
Salt Lake City aqueduct contract awarded n235
Architects—Soviet-U. S. friendship to be fostered n517
Asphalt Institute—Illinois asphalt paving industry holds first state meeting n377
Associated Equipment Distributors—Chicago meeting n*86
Associated General Contractors:
Chicago meeting n219
House Roads Committee meeting n438
Public relations program planned n845
Southern California chapter discusses postwar planning n*785
Association of Highway Officials of North Atlantic States—Annual meeting. n*235; n300

Awards
Army-Navy "E" awarded to American Bridge Co. n780
Gen. Warsham wins Legion of Merit award n*919
Navy makes civilian service awards! ... n529

B

Barges constructed of pontoon units n*856
Barges move thirty houses on Ohio River .. n392

Beams
Bending moments distributed directly by utilizing end rotation constants. M. W. Rosenstein *36
Continuous-beam computations simplified. J. T. Weldon *200
Graphic methods for engineers. D. B. Steinman *659
Moment distribution by linked rigidities. D. B. Steinman *802
Simplified charts for double-reinforced beams. D. L. Todd *948
Turntable car and rockers erect girders for gantry *870
Bearing pressures for circular plates—correction. M. W. Rosenstein ..... l 461

Blasting
Pennsylvania Supreme Court upholds contractors claims for excavation 798
Thermite demolishes crane bridge *662
Boilers—Moving a big boiler at the Brooklyn Navy Yard without dismantling. G. F. Flay, Jr. *178

Book Reviews
Design, fabrication and erection of stress grade lumber and its fastenings for building 57
Elements of aerial photogrammetry. Earl Church 899
Engineers' dictionary. L. A. Robb 353
Final report of commissioners of Louisville 900
Fluid mechanics. R. C. Binder 493
Laboratory manual for chemical and bacteriological analysis of water and sewage. F. R. Theroux & others 686
Manual for water works operators 686
Military correspondence and reports. A. C. Howell 493
Modern airfields: planning and concealment. Maj. M. E. DeLonge 353
Modern building inspection. C. N. Dirlam & others 57
Modern timber design. H. J. Hanson 57
Pile driving. R. D. Chellis 899
Pipeline to battle. P. W. Ranier 493
Prestressed reinforced concrete. Kurt Billig 353
Science at war. G. W. Gray 353
TVA—democracy on the march. D. E. Lilienthal 899
United States directory of registered professional engineers 57
Wage and hour manual, 1943 ed. 353
Boston Society of Civil Engineers meeting n413
Bowers, Nathan A., ENR editor goes to see the Seabees n*219
Brazil:
Developing a rubber plantation. E. J. Cleary *322
Ford Motor Co. rubber plantation. A. D. Allen, Jr. ..... l 862
Inter-American standards being established 3
Mapping Brazil's jungle boundaries. Louiz de Souza Martins *410
Sanitation program broadened under new U. S. Agreement 208
Steel production increases 3
'Way down the Rio Doce Valley—correction. A. M. Harris ..... l 460
Bridge accidents and failures—Kansas Supreme Court awards damages for wrecked bridge n634

Bridge Construction
Alaska Highway—Peace River bridge construction sets record. Blair Birdsall *26
Chicago fixed bridge converted to lift span. S. J. Michuda *402; e401
Missouri River flood-damaged bridge reconstructed. V. W. Enslow *154
New Hampshire timber bridges rebuilt. H. E. Langley *138
1943 bridge construction 250
Pontons for the Army and pontoons for the Navy e538
Pontons—Special Army truck ponton bridging n*518
Pontoons:
Seabee pontoons—for war and postwar *540
Small units used as vessels n*856
Torresdale, Pa. railroad bridge prepared in seven months, rolled into position in 15 minutes n*906

Bridge Design
Composite action on highway bridges. C. P. Cueni ..... l 650
Computations for influence lines simplified by semi-graphical method. A. A. Eremin ..... l 459
Gowanus Canal, N. Y. C. bridge is a new type bascule for skewed crossings. C. D. Hanover, Jr. *872
Impact tests on a railroad bridge. C. P. Siess ..... l 23
Influence line computations. M. W. Rosenstein ..... l 398
Live load reactions to timber stringers —correction. J. E. Lothers ..... l 319
Bridge lighting—Handrail carries reflector for concealed source of light *409

Bridges
Alaska Highway—Peace River bridge construction sets record. Blair Birdsall *26
Arkansas highway bridge (unit prices). 902
Ashton, R. I. bridge soon to be completed n*311
California highway bridge girders reinforced with old steel. N. C. Raab *193
Capua, Italy—Bridge built by Army Engineers n*437
Chicago—South Western Avenue fixed bridge converted to lift span. S. J. Michuda *402
Eggners Ferry, Ky.—Gantry used to raise bridge approaches *799
Electrical controls for movable bridges Hamilton & Hewman n*664
Floatable bridge is airplane taxiway *47
Florida highway bridge construction (unit prices) 210
Italy—Engineers replace a bridge dynamited by the Germans n*230
Los Angeles—Aliso St. viaduct completion assured n725
Louisiana—Atchafalaya floodway railroad trestle built by traveling gantrys *740; e728

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

GHTLY

OUND

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Memphis, Tenn.:
Highway bridge site chosen.....n302
Planning for new bridge.....n81
Missouri River flood-damaged bridge reconstructed. V. W. Enslow.....*154
New Hampshire timber bridges rebuilt. H. E. Langley.....*138
New Mexico bridge and highway improvements (unit prices).....60
New York City—Gowanus Canal bridge is a new type bascule for skewed crossings. C. D. Hanover, Jr.....*872
Ohio builds bridges on access roads...n*304
Passaic River, N. J.—Borings to be made soon.....n78
Pennsylvania Railroad bridge impact tests. C. P. Siess.....1 23
Pontons—Special Army truck aids ponton bridging.....n*518
Pontons for the Army and pontoons for the Navy.....e538
Pontoons:
Seabee pontoons—for war and postwar*540
Small units used as vessels.....n*856
Portland, Ore.—Multiple levels aid traffic interchange. R. H. Baldock.....*678
St. Louis—Floods complicate erection of bridge. J. N. Newell.....*184
Salt on steel of coastal bridges.....137
Tennessee River—Louisville & Nashville R. R. lift bridge raised eighteen feet.*486
Toronto—"River of fire" damages bridge n72
Torresdale, Pa.—Pennsylvania R. R. prepared bridge rolled into position in 15 minutes.....n*906
Virginia highway and bridge (unit prices).....150
Washington, D. C.—Two Potomac River bridges speed traffic. H. J. Engle....*938
Builders of the West organized.....n529

Building Construction

Baltimore plans much building work...n788
Costs—Index of small house costs 1936-1943 (charts & tables).....618
Index of costs for standard house in representative cities — 1939-1943 (tables).....622
Miscellaneous building costs (table)...608
Depreciation schedule—U. S. Bureau of Internal Revenue (table).....610
Great Britain builds steel frame houses.....n*786
Hospitals built in 1943.....248
Industrial building now tends toward conversions.....n17
Laredo, Tex. plans self-liquidating slum clearance.....*950
Postwar building program offered by Producers' Council.....n151
Radiant heating losses reduced by low-cost insulation.....*34

Building Design

Earthquake resistant hospital constructed over tidal mud flat in Ecuador. Erik Per Sorensen.....*108
Wind pressure on walls. H. A. Sweet 122; 1318; 1790

Building Laws and Regulations

Building code guidance.....e653
Building code modernization.....e320
Connecticut plans uniform building code.....n714
Los Angeles County has land-use and building ordinance. C. D. Griffin.....1536
Marion County, Ind. adopts building code n92
Building Officials Conference of America.n*909

Buildings

Airplane engine test building.....*877
Auburn, Wash.:
Army depot nears completion.....n*716
Barges move houses on Ohio River.....n392
Canada:
Paper mill to be built on Lake Superior shore.....n229
Carnegie-Illinois steel units halted by WPB.....n16
Chicago:
Illinois Institute of Technology starts a research laboratory.....n10
Monadnock building owners win subway suit.....n169
Equador:
Building a hospital. Erik Per Sorensen.....*108
Fontana, Calif.:
Kaiser mill built to sustain very heavy loads.....*422
Natrium, W. Va.:
Chlorine plant goes into operation ...n*378
Style center proposed.....n91
New York City:
Industrial center proposed as postwar work.....n776
Oklahoma airplane modification center designed and built in four months...*332
San Diego, Calif.:
Ryan Aeronautical Co.'s addition uses prefabricated timber bowstring trusses 200 ft. long.....*408
Sterlington, La.:
Louisiana Power & Light's turbine extension constructs weathertight doors for a wall opening. G. F. Booss *676
Sweeney, Tex.—Aviation gasoline plant.....n*451
Washington, D. C.
Pentagon Building's cost to be investigated.....n173
Buildings see also Floors, Roofs, Walls
Burton, Col. Albert H. appointed N. Y. Division Engineer.....n*83

C

Cables:
Grand Coulee uses "catpower" to string cable.....n*391
Stresses in guy cables subjected to initial tension. E. M. Viner.....*434
Cableways—Alaskan defense stations constructed on sheer rock with the help of inclined railway. H. W. Richardson....*794
Caissons—Steel caissons in concrete support outfitting wharf on sloping rock. W. P. Ehrman.....*888
Calculating-machine computation of vertical curves. T. C. Coleman (tables).....142

Canals

Friant-Kern canal plan rejected. n Jan 13 adv.....107
Madera Canal, Central Valley Project, final section approved.....n153
Madera Canal, Calif. earthwork and structures (unit prices).....902
New Orleans canal locks to be operated toll-free.....n392
Panama Canal:
Annuities proposed for civilian canal-builders.....n915
Third lock construction stopped.....n314
Sault Ste. Marie locks set record for shipping.....n153
Carolina Road Builders Association organized.....n917
Casey, Maj. Gen. Hugh.....n*635

Cement

Marquette Cement Co. files appeal against FTC delivered price order....n906
Mexico expands electric power and cement mill facilities.....762
1944 requirements half that of 1943.....n786
WPB allows freer cement movement... n72
Chandler, E. Lawrence now in Washington for A.S.C.E.....n*392
Chile:
Electrification program.....35
Rail lines are improved.....491
Steel requirements to be met by domestic production.....n525
Cities:
New York City plans for the impact of peace. I. V. A. Huie (chart, map, table).....*272
Toronto—metropolitan commission suggested.....n221
Colombia—Barranquilla public works built with United States private funds. E. J. Cleary.....*654
Columns—General term for Euler formula. Louis O'Shaughnessy.....433

Concrete

Air-entraining agents (A.C.I. meeting). 312
Air-entraining cements in transit mixers. Stanton Walker.....1459
Beams—simplified charts for double-reinforced beams. D. L. Todd.....*948
Buildings of concrete in 1943.....247
Comment on gravel and stone aggregate tests for comparable strength. A. T. Goldbeck.....207
Computing the volume of concrete in wings of arch culverts by graphics. T. W. Oliver.....*342
Cost of plain and reinforced concrete reservoirs.....*106
Dowels installed without chairs.....*492
Gravel and stone aggregates tested for comparable strength. W. S. Elliott..*205
Manhole covers of reinforced concrete instead of cast iron.....*407
Mix—rapid and simple concrete proportioning. L. D. Long.....*426; 1727
Mixing plant at Alaskan defense stations built on top of cliff. H. W. Richardson.....*794
Mixing test of batch of concrete mixed for 4 hrs.....107
Moisture content in sand. E. E. Bauer.1726
Moisture content in sand determined by new method. C. R. Waters (table)... 341
Norfork Dam flow sheet for concreting plant.....*187
Pipe design for water supply—views on long-life design.....*44
Prestressed concrete ties used on English railways.....661
Refrigeration aids slime control in inspection galleries of mass concrete structures.....876
Reinforcing in walls. J. E. Lundstrum.1862
Reinforcing in walls. T. B. Rights.....1461
Reinforcing steel in concrete to be increased by WPB.....n451
Reinforcing steel study planned by American Iron and Steel Institute.....n636
Scrap steel utilized as reinforcing for girders of highway bridge. N. C. Raab*193
Connecticut Society of Civil Engineers—60th anniversary.....n158
Connor, Edward H. recalled from retirement.....n*523

Construction

Army engineers report much building in South.....343
Better credit protection on construction. J. J. Lucy.....*745
Better credit protection on —credit for character: H.
Byrd report misleading on savings
Canada further relaxes some controls
Costs of construction:
Boeckh index 1926-1943
Cost data on federal construction projects (table)
Cost of financing 1901-1944 (tables)
Cost summary of temporary war-housing projects (table)...
Cost trends of construction (charts)
ENR construction cost index (chart & tables).....
Index of costs for standard house in representative cities (tables)
Index of small house costs (chart & tables).....
Miscellaneous building costs (table)
Railroad cost indexes (tables)
Special building cost and volume indexes 1914-1944 (charts & tables)
ENR estimated and reported construction 1925-1943 (charts & tables)
ENR reported construction declines 1943
Estimating jobs from construction dollars (charts & tables).....
Latin American construction aided by loans
Monthly construction business summary. Jan. 13, adv. 51; Feb. 10, adv. 51; Mar. 9, adv. 83; Apr. 6, adv. 51; May 4, adv. 67; June 1, adv.
1944 construction activity
1943 engineering news events
OPA price regulations affecting construction
Proposed postwar construction U. S. and Canada (chart & table)
Restrictions not yet lifted on new construction
Review and forecast 1943-1944
Truman committee report upon investigation of national defense program
Wage rates and trends 1925-1944 (charts & tables)
War building program to be completed soon
World War I construction trends (chart)
Construction communiques.....12, 79, 167, 230, 393, 456, 633, 722,

Construction Equipment

Bulldozer working in Italy.....n*
Concrete mixers—air-entraining cements in transit mixers. Stanton Walker.....1
Concrete mixers—air-entraining cement in transit mixers (A.C.I. meeting).....
Construction equipment has gone to war (chart & tables).....
Contractors making profit on sale of equipment provided with special tax
Cranes:
Crane boom equipped with supporting wheels. S. E. Stawinski.....*
Crane mounted on gantry supported on outfitting wharf on sloping rock. W. P. Ehrman.....*
Demolishing a crane bridge with thermite.....*
San Francisco—Liberty ffeighter deck house assembly transferred between cranes.....
Depreciation schedule—U. S. Bureau of Internal Revenue (table).....
Distributors urge transfer of government construction equipment' for maintenance only.....
Gantry crane used to raise Eggners Ferry, Ky. bridge approaches.....*
Gantry, traveling, builds railroad trestle.....*
Heavy equipment needed.....
Highway grader allocations suspended by WPB.....
Hose mounted on rollers delivers slurry mix beneath pavements. Whitton & Chadwick.....*
Jacks—hydraulic jacks raise railroad lift bridge eighteen feet.....*
Mixing device for dry chemicals.....*
Mudjacking and "decking" used to salvage concrete pavements. Whitton & Chadwick.....*
Pacific war hard on construction machines.....
Painting equipment for snow fences.....*
Postwar supply of equipment discussed by Manufacturers Division of ARBA.....
Price increase for construction machines
Pulling double sewer siphon across a stream into place.....*
Rail removal at Seattle.....*
Rental rates for construction equipment (table).....
Review and forecast 1943-1944.....
Rock crusher monopoly charged by F.T.C.
Rock crusher set up at Cape Gloucester, New Britain.....n*
Roller dragged by 140 coolies for airbase in China.....n*
Sand-jacks lower ship to launching cradle.....*
Saw for cutting concrete and rock specimens. Nichol & Pomeroy.....*

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Signal lamp designed for night surveying. D. L. Parkhurst.....*808
Surplus equipment disposal plan.....n770
Surplus war equipment discussion.....n170
Truck mixer makers set up standards bureau.....n376
Turntable car and rockers erect girders for gantry.....*870
Used construction equipment rules issued by OPA.....n76, n710
Used equipment ceiling raised for lend-lease.....n7
Used equipment—registration no longer required for a number of items.....n78
War Assets Corporation, Ltd., inaugurated for the disposal of Canadian excess supplies.....n225
War Production Board issues new rules on equipment.....n91

Construction Materials

Army construction material which was redistributed in 1943.....953
Asphalt use for roads and streets to be increased.....n720
Materials and labor prices.....62, 212, 368, 508, 703, 828
Output of various construction materials 1934-1943 (charts & table).....269
Prices of construction materials 1874-1943 (charts & tables).....581
Protective materials for Arctic exposures. H. H. Edwards.....*869
Review and forecast 1943-1944.....245
Sand-moisture content in sand. E. E. Bauer.....l 726
Sand—moisture content in sand determined by new method. C. R. Waters (table).....341
Straw mulch lays dust around a desert airfield.....*473
Surplus Army materials for school construction.....n80
Wallboard standards set by Department of Commerce.....n71
War Production Board makes further cut in construction materials.....n846

Contractors

Brazilian contractors keep a check on engineers.....n*313
Michigan contractors need sales tax license.....n71
Michigan contractor wins suit against road department.....n442

Dams

Boulder Dam:
Spillway tunnel break caused by erosion. G. C. Chambers.....l 460
Spillway tunnel break, a challenge to designers. W. H. Simonson.....l 318
Bridge Canyon, Ariz. site inspected by Los Angeles engineers.....n*72
California flood control dams planned for postwar.....n236
Chief of engineers of U. S. Army directed to make periodic examination of all dams for safety.....n18
Denison Dam:
Dedication of dam.....n*922
Fontana Dam:
Concrete placing.....n776; n850
Prefabricated workers houses.....n*914
Franklin Falls, N. H.:
Dewatering with wellpoints. Ross Nebolsine.....483
Friant Dam:
Water released from dam.....n852
Grand Coulee Dam:
Power output for March.....n*634
Rated capacity.....n532
Italy:
Dam destroyed by air attack.....n*709
Kentucky Dam:
Completion this year.....n*233
Eggners Ferry bridge approaches raised by gantry crane.....*799
High water stops work.....n457
Liberia, West Africa:
First hydro-electric dam constructed..*336
Marshall Ford Dam, Texas:
Refrigeration aids slime control.....876
Newport, R. I.:
Concrete and earth dams, part of new water supply.....*944
Norfork Dam:
Concrete at dam. Maj. H. E. Murray 1 537; l 727
Construction expedited to provide power.....*187
Lake created by dam.....n770
O'Shaughnessy Dam:
Contractor loses suit for pay.....n316
Pit River Dam
Power plant ready to produce.....n*776
Restrictions eased on dam building in 1943.....253
Ross Dam, Seattle:
Power tunnels proposed.....n160
Santa Anita Dam:
Debris problem in flood control. Paul Baumann.....*40
Shasta Dam:
Near completion.....n*643
Power plant to start operation soon..n913
Water being stored in reservoir.....n13
Umatilla Dam:
Contract for core drilling awarded....n236
Williamsville Dam, Brattleboro, Vt.:
Surveys and borings completed.....n16
Vermont villages oppose dam.....n6
Youghiogheny Dam:
Flood dam completed in two years....n3
Davison, Brig. Gen. Donald A. dies.....n*920
Depreciation schedule—U. S. Bureau of Internal (table).....610
Doors—Louisiana Power & Light's turbine extension constructs weathertight doors for a wall opening. G. F. Booss.....*676

Drainage

Ground dewatering for construction. Ross Nebolsine..pt. 1 *479; pt. 2 *556; e539
Louisiana drainage project proposed....n236
Steep Rock Lake drainage—Seine River course opened by final blast.....n225
Drydocks:
Floating drydocks for global war.....252
Southhampton graving dock—lowering the water level. Ross Nebolsine.....482
"Ducks"—see Amphibian trucks

E

Earth fill:
Earthwork computations by use of a mechanical calculator. Aziel LaFave *197; H. O. Marquart l 399; correction..l 791
Foundation costs on compact fill (table) 616
Earthquakes—Ecuador earthquake-resistant hospital constructed over tidal mud flat. Erik Per Sorensen.....*108
Earth slide—Los Angeles highway blocked by landslide.....n446
Ecuador—Building a hospital. Erik Per Sorensen.....*108
Electric railways:
Rail removal, street repair San Francisco, Calif. (unit prices).....60
Seattle rids pavements of steel rails.....*202
Electrical applications—Bridges—controls for movable bridges. Hamilton & Hewmann.....*664
Electrical motors—Preventive electric motor maintenance. Clevenger & McCullough (tables).....*756
Electrical transmission—Portland, Ore. to construct new power line.....n723

Engineering Abroad

Alaskan defense stations constructed on mountain slopes. H. W. Richardson...*794
Aleutian Islands construction. H. W. Richardson.....*956
At Tarawa, Kwajalein and Eniwetok. N. A. Bowers.....773
"By surface to Pearl." N. A. Bowers...221
Engineer's role on a rubber plantation. E. J. Cleary.....*322
"Mission completed." N. A. Bowers.*866
1943 engineering abroad.....260
On the front in New Guinea. N. A. Bowers.....433
Public works in a South American city built with U. S. private funds. E. J. Cleary.....*654
Seabees speed construction in Pacific. N. A. Bowers.....*930
South from Pearl by air. N. A. Bowers.*301
"Up the Slot" from Noumea. N. A. Bowers.....n439
Engineering Institute of Canada meeting..n234
Engineering schools—18, 80, 380, 454, 777, 851, 922
"Engineering service companies":
Five government agencies undertake to end activities of brokers on war jobs..n634

Engineers

Aviation Engineers land with invasion forces.....n860
Canadian professionals exempt from labor law.....n724
Engineers—China—India—Burma.....*303
Our engineer admirals.....*907
Engineering education in war and after. E. C. Crawford.....*284
Faith of the engineer.....495; e462; Maurice Deutsch.....l 726
Foreign Economic Administration explores engineer training for rehabilitation work abroad.....n516
Illinois Professional Engineering Act declared unconstitutional.....e321
Licensing:
Illinois engineer act taken to high court.....n2
Rochester engineers oppose charter change.....n16
Our engineer generals—Casey; Crawford.....*635
Photo-biographies for schools. L. D. Rights.....*713
Restrictions on engineers. S. M. Ellsworth.....l 726
Technical institutes proposed in Canada. 1 459
Toronto woman engineer wins British scholarship.....n478
Engineers see also U. S. Army Engineers
Engines—Airplane engine test building...n153
Eno Foundation for Highway Traffic Control—New York meeting.....n*877
Evaporting ponds for waste water of industrial plant spread over 1,800 acres.....*683

F

Federal Works Agency

Appropriation for community facilities..n455
Federation of Architects, Engineers, Chemists & Technicians—Association of Technical Employees is affiliated.....n81

Floods and Flood Protection

Appropriation authorized to repair flood damage.....n847
California and Nevada seek flood control.....n521
Debris problem in flood control. Paul Baumann.....*40
Flood control work as war construction training. J. G. H. Lee.....l 536
Hartford's Park River fully controlled..n*73
Illinois Commission studies flood control.n447
Los Angeles seeks flood causes and cure.n439
Midwest streams near record flood states.....n632
Mississippi River flood breaks 100-year Record. V. T. Boughton.....643
Mississippi River flood recedes.....n710
Mississippi flood of unprecedented size is fought by Army engineers. V. T. Boughton.....*748
1943 flood control.....254
North Carolina flood control appropriation requested.....n236
Postwar flood-control work and reservoir construction approved by the House..n719
Rio Grande, N. M. flood control contract awarded.....n236; n381
San Juanquin Valley, Calif. flood diversion is speeded.....n236
Waco, Tex. rations water because of flood damage.....n924
Williamsville Dam, Vt.:
Surveys and borings completed.....n16
Vermont villages oppose dam.....n6
Floors—Radiant heating losses reduced by low-cost insulation.....*34
Ford, Bacon & Davis mark 50th anniversary.....n443
Foreign Economic Administration—Five engineers go to Ethiopa.....n645
Fortifications in South Pacific built by Jap engineers.....n*71

Foundations

Boston Edison's tunnel construction in soft ground. O. S. Bray.....*544
Costs on compacted fill (table).....616
Ecuador hospital constructed over tidal mud flat on floating concrete beam footings. Erik Per Sorensen.....*108
Fontana, Calif., Kaiser mill built to sustain very heavy loads.....*422
St. Louis bridge piles driven through collapsed steel sheet cofferdam. J. N. Newell.....*184
Steel caissons in concrete support outfitting wharf on sloping rock. W. P. Ehrman.....*888

G

Garbage and Refuse Disposal

Army waste disposal in 1943.....256
Barranquilla, Colombia, uses land fill method to dispose of garbage. E. J. Cleary.....657

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

California cities survey garbage and refuse disposal 46
Gasoline—High octane gas buildings for 1943 248

Grade Crossings

Los Angeles freeway plans feature four-level grade separation *425
Subway grating reduces grade crossing maintenance *434
Washington, D. C. street traffic is speeded by two new Potomac River bridges. H. J. Engel *938
Graphic methods for engineers. D. B. Steinman *659
Great Britain:
Invasion preparations put a staggering load on railroads 898
Postwar planning. W. G. Bowman *890
Great Lakes—Mississippi opening the earliest in 50 years n525
Gunnery range—Concrete pavement placed in record time on Nevada desert *194

H

Hansen, Paul:
A loss to sanitary engineering ... n*169; e320
A tribute. Farley Gannett ..... l 318

India considers postwar road building plan n235
Interregional highway system proposed for postwar construction. C. S. Hill (map) 144
Louisiana's postwar highway planning. H. B. Henderlite (tables) *125
Missouri River Basin report sent to Senate n769
New York City industrial center proposed for postwar n776
New York City opens its "Postwar Exhibit" n644
New York City plans for the impact of peace. I. V. A. Huie (chart, map, table) *272
New York City—Robert Moses urges public works aid n220; n221
New York City and State plan additional postwar projects n786
New York State approved many postwar projects n227
New York State—Gov. Dewey urges treasury surplus be set aside for postwar n17
New York State offers postwar housing aids n908
New York State's reconstruction plans for roads. C. H. Sells (charts) *128
Ohio submits road program for approval n7
Philadelphia planning to restore historic area n775
Postwar construction costs 600
Producers' Council offers postwar building program n151
Progress of postwar public works planning 679
Proposed postwar construction U. S. and Canada 1943 (chart & table) 263
Rivers and Harbors Committee wants authority for 240 postwar projects n70
St. Louis Section of A.S.C.E. considers postwar n714
Sewerage and waterworks development for postwar is lagging n771
Television broadcasting design for postwar n525
Waterworks prospects after the war. Elsie Eaves (charts & table) 825

Power and Power Plants

Boston Edison's tunnel construction in soft ground. O. S. Bray *544
Hope Natural Gas Co., W. Va. rate decision clarified by Supreme Court n1
Los Angeles Department of Water & Power seized by the Army n299
Louisiana Power & Light's turbine extension constructs weathertight doors for a wall opening. G. F. Booss *676
Mexico expands electric power and cement mill facilities 762
Public utility committee for freed territories n87
Public utility construction cost index 1920-1944 (tables) 574
Public utility valuation may be changed n11; e25
Power and Power Plants, see also Hydroelectric power
Public interest above littoral owner's rights n2

Public Works

Allotments spent under the Lanham act n532
Appropriations alloted by Michigan n913
Appropriations for naval shore activities n18
Appropriations for river and harbor work n376
Baruch report favors public works planning n235
Illinois plans public works n788
New York City—Robert Moses urges public works aid n220; n221
New York State public works will be reorganized n525
150 war public works construction approved by the President n530
Pittsburgh considers public works bond issue n788
Pumps and pumping—Sand pumping to restore California beaches n307

R

Railways

Calculating-machine computation of vertical curves. T. C. Coleman (tables). 142
Chilean rail lines are improved 491
Great Britain—Invasion preparations put a staggering load on railroads 898
Guadalcanal railway built by Seabees n*456
Rails:
Prestressed concrete ties used on English railways 661
Steel for rails allotted by ODT n532
Switzerland railway electrified after two years of work 112
Reconversion — Industrial building now tends toward conversions n17
Refrigeration aids slime control in inspection galleries of mass concrete structures 876

Reservoirs

Asheville, N. C. impounding reservoir proposed n80
Cost of plain and reinforced concrete reservoirs *106
Debris problem in flood control. Paul Baumann *40
Newport, R. I. reservoir for auxiliary water supply *944
Trinity River, Tex. reservoir to be voted n908

Rivers

Appropriations for river and harbor work n376
Hartford's Park River fully controlled n*73
President's special recommendations on river and harbor projects n160
Rio Grande survey begun n76
Rivers and Harbors Committee wants authority for 240 postwar projects n70
Seine River course opened by final blast n225
Trinity River project to be voted n908
Rogers, Walter A. leader in construction, dies n2

Roofs and Roofing

Flat slab roof costs. Anton Tedesko 1 175
Protective materials for Arctic exposures. H. H. Edwards *809
Rubber—Plants for rubber manufacture in 1943 248
Rubber plantation in Brazil. C. J. Cleary *322
Russia—Honors American engineers for supply job n*531

S

Safety—Job safety award won by Wilmington District n238
Salvage—Old concrete highway pavements salvaged. Written & Chadwick *416

Sanitation

Brazil broadens sanitation program under new U. S. agreement 208
Engineers and public health. E. A. Taylor 1 175
Latin American republics conclude agreements for extension of health and sanitation program with U. S. 560
Pan American Health Officers active in Central and South America n646; n*769
Texas Sanitary Foundation planned for postwar n167

Seabees

At Tarawa, Kwajalein and Eniwetok. N. A. Bowers 773
Building under fire. L. T. F. M. Mosley *298
"By Surface to Pearl." N. A. Bowers 221
Construction communiques 12, 79, 161, 230, 393, 456, 633, 722, 923
Construction of a Pacific base depicted in movies n*227
Jap tunnel at Munda cleared out n*923
No more Seabee training at Camp Peary, Va. n455
On the front in New Guinea. N. A. Bowers 453
Seabee activities in the Pacific. N. A. Bowers *930
A Seabee and his duck at Salerno. J. H. Prickett *737
Seabees on Guadalcanal. L. Kohn 1*537
Seabee pontoons—for war and postwar. *540
South from Pearl by air. N. A. Bowers. *301
Two battalions of Seabees back from the Pacific n*375
"Up the Slot" from Noumea. N. A. Bowers 439

Sewage Treatment

California cities enjoined on sewer plant n Jan 13 adv 107
Chicago sanitary plant gets WPB approval n781
Latin American countries sewerage and water supply problems. Maj. A. E. Williamson *474
Los Angeles plan for sewage works n921
Los Angeles survey for sewage treatment n226
Postwar sewage disposal prospects in Canada *348
Santa Maria, Calif. sewage plant combines dual grit chamber and measuring flume. York Peterson *754
Seneca, Ill. sewerage system (unit prices) 210

Sewers

Bridgeport double sewer siphon pulled into place *880
Cincinnati street improvements (unit prices) 498
Cleveland intercepting sewer (unit prices) 150
Maintenance hints for sewers and streets *936
Memphis, Tenn. sewer construction practice *671
Philadelphia adopts a sewer rental ordinance n632
Storm drainage in the tro... H. W. Durham
Water utility construction o... ects. M. T. Jones

Ship Building

Bending steel ship plate b... heat
Concrete and steel barges co... Great Britain
1943 shipbuilding
San Francisco—Liberty fr... house assembly transfer... cranes
Sand-jacks lower ship t... cradle
Shipyards—New Jersey ship... to be expanded by the Navy

Shore Protection

California beaches to be rest... pumping
Redondo, Calif. sea wall plan...
Rehoboth and Bethany Beaches—timber and steel groins (unit prices)
Santa Barbara, Calif. beach decision holds public interest above littoral owner's rights
Smith, George O. former head geological survey, dies
Snow—see Highway maintenance

Soil Mechanics

Airport bearing tests. M. A. Wilson
Compaction machine prepares soil samples for stability test. V. R. Smith
Ft. Dix, N. J. develops tests for soil bearing pressure. E. G. Whitten
Soil "waterproofed" and stabilized with new type resin compound

Specifications

A formula for concise specifications. R. L. Franklin
Good specifications are written. R. T. Retz 1 536; H. D. Hammond
How can we improve them? D. V. Purington
Poem
Principles. D. V. Purington
Producers' Council seeks to improve specifications
A 7-point plan to achieve more satisfactory specifications. E. L. F. Porter
Specifications' writers defended. Fred Lavis
Specification writing. H. H. Jewell
Specification writing
Square root extraction. C. W. Raynor
Stadiums—Barranquilla, Colombia, municipal stadium built with United States private funds. E. J. Cleary

Standardization

Inter-American standards in Brazil
Masonry coordination standards proposed
Traffic signal head standards
Wallboard standards set

Steel

American Iron and Steel Institute plans reinforcing steel study
Bending steel ship plate by controlled heat
Kaiser mill, Fontana, Calif. built to sustain very heavy loads
Red-lead for structural work. L. L. Carrick
Reinforcing in walls. T. B. Rights
Reinforcing steel in concrete to be increased by WPB
Stewart, James, organization celebrates 100th anniversary
Street traffic:
Washington, D. C. street traffic is speeded by two new Potomac River bridges. H. J. Engel
Streets:
Cincinnati street improvements (unit prices)

Structural Design

Bending moments distributed directly by utilizing end rotation constants. M. W. Rosenstein
Continuous-beam computations simplified. J. T. Weldon
General term for Euler formula. Louis O'Shaughnessy
Influence line computations. M. W. Rosenstein
Moment distribution by linked rigidities. D. B. Steinman
Wind pressure on walls. H. A. Sweet
Structural Engineers Association of Northern California—Elect president

Subways

Chicago subway suit won by Monadnock building owners
Havana, Cuba subway proposed
Montreal, Canada, subway plan offered
Moscow's newest subway begins operation
New York City—Eighth Avenue subway —Rutgers St. tunnels dewatered with wellpoints. Ross Nebolsine
